## SUMMARY

I'm Doston, a 22-year-old Frontend Developer from Uzbekistan with a passion for creating intuitive and dynamic user experiences through responsive web design. I have a strong foundation in frontend technologies and a growing expertise in cybersecurity, including Cisco networking basics, Linux, and Windows operating systems. I enjoy solving complex challenges and building secure, user-friendly web applications. I am always eager to learn and contribute to the evolving fields of web development and cybersecurity.

## WORK EXPERIENCE

### Bmd-Bino. Full Stack

BMD- Uzbekistan Ministry of Culture — Binolardan foydalanish va ularni ekspluatatsiya qilish direksiyasi

07/2025 – 08/2025

Uzbekistan, Tashkent

Designed, developed, and launched the official website for the “Binolardan foydalanish va ularni ekspluatatsiya qilish direksiyasi” (BMD Bino), under the Uzbekistan Ministry of Culture.

Implemented information architecture including sections: “Biz haqimizda”, “Manzil”, “Ochiq ma'lumotlar”, “Aloqa”, etc

Integrated contact page featuring address (Shayxontohur tumani, Xadra MFY, Markaz-14, 56-uy), phone number (+998 71 244-37-65), and social media links.

### Software Engineer

Oryx.kz Cross-Border Package Delivery Service

12/2023 – 05/2024

Tashkent, Uzbekistan

- Enhanced Oryx.kz's platform to simplify cross-border shopping with fast, secure, and efficient delivery from American online stores to Kazakhstan.
- Supported the development and optimization of a user-friendly tracking system, improving customer experience in order management.
- Ensured seamless operation of the logistics network, focusing on reliability and customer satisfaction.
- Collaborated with teams to ensure efficient and timely delivery of packages, improving customer retention and company growth.

### E-commerce Manager

4Car.kz Online Store for Tires and Wheels

12/2022 – 12/2023

Tashkent, Uzbekistan

- Optimized the online store interface, increasing customer satisfaction by 25%.
- Introduced personalized discounts for registered clients, boosting customer retention by 15%.
- Spearheaded the implementation of a product selection tool, enabling users to search by vehicle model or dimensions.
- Coordinated logistics for free delivery in Almaty and streamlined courier services for other regions in Kazakhstan.
- Analyzed sales trends and customer feedback to implement data-driven improvements.

### Full-Stack Web-Developer

Shuxrat Mebel — Uzbekistan furniture production & custom services

- Designed, developed, and launched the official website for **Shuxrat Mebel**, a furniture manufacturing and custom service
- Organized content and navigation to highlight product offerings such as kitchens, wardrobes, and other custom.
- Implemented a functional contact section including call-to-action with phone support at **+998 90 955-16-17**
- Configured product pages featuring models like “Oshxona-21”, “Shkaf-17”, “Tumba-5”, “Oshxona-29” to showcase
- Ensured the website was responsive and user-friendly, reflecting high-quality service and product standards (as indicated by the site's presentation of “yuqori sifatli mebel va shaxsiy xizmatlar”)
